

# DAILY MAYSVILLE LEDGER

FOURTH YEAR.

MAYSVILLE, KY., MONDAY, APRIL 1, 1895.

ONE CENT.

**LARGEST IN THE CITY.**

**Purely Business!**

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can afford to give his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

### The Confined Calls

upon The Ledger for free notices have become so burdensome that we are forced to publish the following terms:

### For Notices of Suppliers.

retentions, favors, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., The Ledger will charge FIVE CENTS A LINE, and heretofore this was the invariable rule. This, however, is changed.

### Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

### Avoidance of Disputes.

Misunderstanding are unpleasant. The rate for Business Leads in The Ledger is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The next day the bill is \$1.25. When he finds it out, he says to the bookkeeper, "I've been told you have a 'kick' and a controversy, followed probably by an icy feeling. Now, please obviate this trouble, no 'kick' for the notice will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around."

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mrs. Hal Gray has returned from Cincinnati.

Miss Minnie Boyd of Minerva is visiting the Misses Boyd of West Front street.

Mr. Clarence Boyd of Chattanooga is visiting his mother, Mrs. Alice Boyd of this city.

Mrs. Johannah Heiser and son John returned to their home at Cincinnati yesterday afternoon after visiting friends here.

Captain Oscar Bassett spent yesterday in this city with his wife, who is convalescing from a long stage of typhoid fever.

Mr. R. B. Boulden and daughter, Miss Anna Belle of Millersburg, are visiting Mr. and Mrs. J. W. Boulden of West Third street.

Major Ben Davis, one of Vanceburg's enterprising merchants, was in the city yesterday on a visit to his parents, Mr. and Mrs. M. Davis.

Mr. and Mrs. Charles E. Tabb and daughter, Miss Katharine of Cincinnati, were guests of Colonel W. W. Baldwin and family yesterday.

Edwards Horrocks and daughter, Bessie of Ashland, arrived Saturday evening on a visit to her parents, Mr. and Mrs. Monroe Carr of the Sixth Ward.

Mr. Everett Brightman, proprietor of the Cracker's Neck Goose Farm, together with his family, left yesterday afternoon on the "Flyer" for Fall River, Mass., where they will spend the summer.

Mr. J. H. Rice of Lewisburg is wrestling with the grip.

Miss Ada Coons, formerly of this city, is quite ill at St. Louis.

Mr. William L. Ponge is recovering from a rheumatic attack.

J. C. Newman of Mr. Olivet has concluded to retire from business.

The controversy at Lexington between Mayor Duncan and Treasurer Wilson has provoked the former into exposing some of the bills paid by the city for the entertainment of the Capital Removal Committee of the Legislature. There were bills for whiskey and for hacks used all night and a significant item for glass broken.

Professor J. H. Rowland met with an extremely painful accident Saturday. He was making repairs and was engaged in hoisting, and in reaching over to stick the hoe in a particular spot, miscalculated the distance, and received a severe strain of his back. The pain was so great for awhile that he could hardly get into the house, but after the proper medical assistance he was able to be out yesterday with the aid of a cane.

**THE NEW WOMAN.**

She talked with great intensity of each man's base propensity, and spoke with volubility of woman's higher plane. She dwelt on domesticity with mental elasticity, and said that such felicity was really quite in vain.

With gestures oratorical and phrases metaphorical, she voiced the powers numerical that woman had untold.

And spoke with zeal drenched of voting systematized, and ballot-boxes spherical, and votes not bought with gold.

She said in an ecstacy the doctors of civility would come from femininity; in bloomers they would be.

And matrons with rapidly would use all their timidity, and no more anxiety in Congress would we see.

And while with such audacity she showed her great capacity, and talked with great dignity, her husband learned to sweep.

And while with such agility she dwelt on her utility with such intense pugacity he put the twain to sleep.

Mrs. Mary Beyersdorfer has been appointed Postmistress at Ripley. She served in the same office under President Cleveland's first term.

Those who have not insured should take warning by the fire Saturday night and insure. We prefer you to do it with us.

DUBLEY & BALDWIN.

**DON'T GET SCARED!**

NO SMALLPOX IN TOWN AND NONE LIKELY TO BE—PRECAUTIONS TAKEN.

We've been to mill!

And think we are competent to give some advice.

There's no disease known that is so easily controlled as smallpox.

This is typical weather for wiping it out.

If it was the beginning of winter there might be some excuse for a small sized "panic".

But when the weather is warm, and the patient can be given plenty of fresh, pure air—why smallpox gets a black eye—in fact a pair of black eyes.

However much you may dread it, it isn't nearly so fatal as the grip.

And there's no more danger of catching it from a careful physician who attends cases than there is in catching it from the lamp-post on Jack Wood's corner.

It is extremely fortunate for Maysville that the disease is in the county instead of in the city; for if it was in town, country people would stay away, whereas it is now country people must come to town to get away from it!

There has not been even a symptom here, and there will not be if vigilance can prevent.

Fire Special Policemen have been appointed by Chief Ort, who are to watch every steamboat, train and other conveyance, and no "tramp" is to be allowed to alight in Maysville.

Keep cool.

Get vaccinated.

And you will be all right.

The fact is, some people are in more danger from the Pooklikker than they are from smallpox.

Charles Travis, who has the disease on the Peters farm near Bernard, is convalescing, and will be o. k. in about ten days.

Two of his children are sick, but neither has as yet developed smallpox; and their feverishness may be the result of the vaccination that they underwent some days ago.

**WHY PRIESTS DO NOT MARRY.**

Rev. Father Ennis of St. Patrick's Gives the Reasons.

St. Patrick's Church last evening was filled to its uttermost capacity, the aisles and every available space being occupied.

In the congregation were many who had been expected to hear a forcible and rational reasoning of the subject were highly gratified.

During the Lenten services Father Ennis has delivered a series of sermons on the Sacraments of the Church, and last night's discourse was a link in the chain, insofar that continuity was one of the sacrifices essential to a priestly life.

Marriage, like baptism, was one of the Sacraments of the Church; nor did Christ or his Apostles, anywhere in the inspired word, forbid Priests to marry. There were, however, both in the teachings of the Savior and in the writings of Paul, numerous commands and commendations looking to a life of celibacy by those who had received Holy Orders, and upon the basis of these counsels had been built that canonical law which requires Priests to forsake all social and domestic pleasures and to consecrate their whole lives to the service of God and the salvation of souls.

To the true Priest there was more real joy in the mission of his high office than could be found in a worldly life; and the speaker pointed to the thousands of men and women in America who had forsaken the pleasures of home and were devoting themselves to the service of the Master and the cause of humanity.

Father Ennis is an entertaining and instructive speaker, and at times he grows eloquent in the sincerity of his declarations.

On Wednesday evening his subject will be "Marriage and Divorce."

Regular meeting this evening of the Sons of Temperance at their Hall in the Cox Building, Work.

Thomas Politt of Foxport has secured a reissue of the pension that was taken away from him in the early days of this Administration.

There were 234 failures in the United States during the past seven days. There were 235 during the corresponding week of last year.

The week's review of the trade situation by the mercantile agencies is encouraging. Railroad earnings, bank clearings and industrial indications generally are better than for some time past.

He is charged with lifting \$65 belonging to some one else, and some other irregularities. The hearing was set before Judge Brannan at 10 this morning.

### FIRE SATURDAY NIGHT.

A Cottage in the Sixth Ward Goes Up in Smoke.

About 7:30 Saturday evening an unoccupied cottage, located on the railroad just above Wood street and belonging to Freeman Price, was totally destroyed by fire.

The loss is about \$400.

The Sixth Ward fire brigade, whose house was at the streetcar stables nearly a mile away, got there as soon as possible; but after reaching the place it was discovered that their corkscrew had been left behind, and they had to wait the arrival of the Amazon boys before the stopper could be gotten out of the fireplug!

Meantime the house was nearly consumed and an adjoining one belonging to James Lewis considerably damaged.

Moral—Every Kentuckian should carry a corkscrew.

.....The alarm yesterday afternoon was caused by a conflagration in an ashbarrel in the Third Ward.

The damage was confined to the fireman. They lost their breath in running.

# THE CUBANS

Hope to Get Recognition From the United States.

If They Can Create a Provisional Government They Will Have

Taken a Long Step in That Direction—The Believers Would Then Be Upon Equality the Same Factor in Their Relations With the U. S.

WASHINGTON, April 1.—The Post says: The success which is said to be attending the operations of the insurgents in Cuba will, if they are continued, soon lead to a determined effort to secure recognition from the United States.

While no communication, either formal or informal, has as yet been received at the state department, its arrival is not unexpected. It has always been the policy of the United States to recognize de facto governments.

If, therefore, the Cuban insurgents can create a provisional government, they will have taken a long step forward in the direction of securing recognition as belligerents.

The country's demands, as a rule, that the new government shall issue currency and shall be in possession of a considerable portion of the territory over which it assumes control.

It will be remembered that Admiral D. G. A. Gann, when he led the revolt in Spain, made the Cuban republic to secure recognition from the United States.

It is even organized a provisional government and issued some paper currency, in the hope that by complying with the usual forms the much-desired recognition could be secured.

It so happened, however, that he had fired upon one of our ships, and he was also known to contemplate the overthrow of Brazilian republic and the establishment of a monarchy.

For these reasons his claims were not considered.

The Cuban insurgents should receive recognition as belligerents their government would be placed upon exactly the same footing as that in all relations with the United States.

This, in itself, is a high state worth playing for, but in addition to this the shipment of arms to Cuba would be no longer filibustering, but would be a legitimate procedure. It can easily be seen, therefore, that unless Spain speedily crushed the Cuban revolt, the future may have some interesting developments in store.

PUTNEY, Eng., April 1.—The 'Varsity race Saturday between Oxford and Cambridge was won by Oxford. The race started at 4:05 o'clock Saturday afternoon. During the morning both the Oxford and Cambridge boats practiced starting for a quarter of an hour. At 4:05 o'clock Oxford was leading half a length. # AN ALLIANCE

Between Russia and Japan is Believed to Be a Fact.

The Former Will Obtain a Pacific Outlet From the Latter Country.

Thus Developing Into One of the Greatest Sea Powers of the Earth—This Has Been Russia's Dream for Years. Her Ambition Seems Realized.

WASHINGTON, April 1.—It is believed by state department officials and in diplomatic circles generally that the reports of an alliance between Russia and Japan are founded on fact. Many things which have happened since the beginning of the trouble over Korea, lead to this conclusion, and it is thought that after the declaration of peace and the acquiescent by Japan of additional privileges and influence the hand of Russia will be very soon in evidence. For a generation the Baltic empire has been maneuvering to extend her prestige along the Pacific, in order to give herself an outlet through the Siberian provinces, thus developing into one of the great sea powers of the earth and making herself the dominating factor in Asiatic politics.

Through all these years the watchful eyes of Great Britain have been upon her, and it has been possible to mark step by step the advance toward the possibilities of a conflict with British greed and jealousy.

The Russian government, on the other hand, has been steadily working to secure a Pacific outlet, and the sudden elevation of that country to a place among the ruling powers of the earth have not been regarded by England as among the probable developments of Asiatic politics, but Russia's shrewdness in cultivating the friendship of the island empire, and the sudden elevation of that country to a
